

for a Sustainable Future

Ethics & Trust in Finance Global Prize

How to help develop the Prize

Will you help to make a difference by supporting the Prize “*Ethics & Trust in Finance for a Sustainable Future*”?

The Prize is a unique global means for promoting awareness of the urgent need for more ethical behaviour and higher standards of integrity among young professionals in all aspects of the finance sector.

Since its establishment in 2006, the knowledge about the Prize throughout the world has been raised thanks to our partners, but also thanks to a wide range of organisations that helped us in disseminating the information on the Prize, in professional as well as in academic circles. All our partners share the vision of the importance of ethics and integrity in the world of finance and business and support the Prize, helping to promote awareness globally or locally.

There are three ways to support the Prize:

❖ Strategic Partners

Strategic Partners are the most important sponsors of the competition by making financial contributions in the range of 50'000 euros per edition (25'000 per year). They are fully-fledged partners, leveraging the outreach of the competition globally and taking part in the governance of the Prize. We invite Strategic Partners to commit for a 4 years term (2 editions) to support the sustainability of our activities.

❖ Contributing Partners

Contributing Partners sponsor the competition by making financial contributions between 10'000 and 50'000 euros per edition. They play a key role in partnering with the Prize to disseminate the information about it and encourage the global attraction of its ideals. Contributors may sponsor linguistic editions of the global Prize in particular regions of the world, or in local languages. They have full visibility in our publications and appear on our website.

❖ Supporters

Supporters make contributions in kind or less than 10'000 euros. They are acknowledged by providing a link to their institution on our website. Supporting the Prize can be done in various ways:

- Partner with us to disseminate information about the Prize and encourage the global attraction of its ideals.
- Contribute to the organisation, for example by acting as host institution for the Award Ceremony of the Prize or by organising a workshop on the topic of ethics in finance to promote the Prize.
- Work with the Prize to develop the networks and create incubator projects for innovative ideas for ethics in finance.

Please contact us for further information on partnership opportunities.
